

# BRITISH THREATEN WITHDRAWAL RHINE TROOPS

## Republican Candidates for State Offices Warmly Welcomed

### GOLDFIELD HAS PLENTY OF PEP YET REMAINING

Greatest Political Gathering in History of State Held by Republicans

### OLD CAMP STILL FULL OF PEP

Days of 1906 Were Repeated in Honor of Johnny Miller Party

The "Old Goldfield Way" was re-born last night when the citizens of that town demonstrated that they still retain within their grasp the days of 1906. Goldfielders entertained the republican state candidates, which included John H. Miller, nominee for governor; E. W. Griffith, nominee for lieutenant governor; Harry H. Atkinson, nominee for attorney general; W. B. Alexander, nominee for secretary of state; Fred H. Blackwell, nominee for state controller, and Congressman Sam S. Arentz.

It was the greatest political gathering ever held in the history of the state, and the Lyric theater was filled to overflowing. The theater was artistically decorated with flags and flowers in profusion, and throughout the entire meeting not one person was known to have left the building. Col. V. L. Ricketts, editor of the Tribune, presided, and when the last speaker had been heard and the audience seemed to sit spell-bound, he apologized for not having more speakers available.

Never in the history of Nevada were a set of candidates accorded such a reception as was the Johnny Miller party. Pandemonium reigned when Mr. Miller was introduced and it was plainly evident that Esmeralda is a Miller stronghold and that he will defeat his opponent in that section by a tremendous majority. As usual, the popularity of Harry H. Atkinson manifested itself, as well as for all others of the distinguished visitors, and the speakers drove home facts that impressed their hearers most favorably. The addresses were snappy and full of pep, especially so those delivered by Messrs. Miller, Atkinson and Arentz, and they held their audience spellbound throughout the entire meeting.

Previous to the adjournment of the meeting Chairman Ricketts announced that the gathering would reassemble at the Goldfield hotel, and hundreds took advantage of the occasion to indulge in festivities that took the old-timer back to the days of 1906, when Goldfield was recognized as being the home of the biggest-hearted and broadest-minded people on the face of the earth—a statement that holds good to this day.

Upon the departure of the republican candidates from Tonopah yesterday morning they were escorted by ten auto loads of supporters that had arrived from the gold camp, which included a committee of ladies which was delegated to entertain Mrs. D. F. Buckingham, daughter of Mr. Miller, who, with her husband, are making a tour of the state with him during his campaign. Upon arriving at Divide the candidates were given a rousing reception and people assembled from miles around. At that place another delegation of motorists met the party and when the advent was made into Goldfield the whole populace practically turned out to greet the distinguished visitors.

Among the machines that went over to the Goldfield rally were those of E. W. Bahr, Joe White, J. Grant Crumley and George Southworth, although it is estimated that in addition to the ten that left here with the party in the morning there were at least a dozen other cars.

It was a great republican demonstration staged by both republicans and democrats, and proves conclusively that the republican ticket, headed by Johnny Miller, is going to be victorious at the polls following the count of votes on Nov. 7, and that the victory is going to be most decisive.

### ENFORCEMENT 3-MILE LIMIT TO BE RIGID

Under Ruling of Attorney General Dry Law as Applying to Ships Will Apply

WASHINGTON, Oct. 7.—The executive branch of the government proceeded to the enforcement immediately of the interpretation of the prohibition amendment and enforcement act by the legal branch as prohibiting transportation or sale of liquor on American ships, wherever operated, and the presence of liquor on foreign ships within the American territorial waters.

### OFF FOR BEATTY TO ATTEND BIG RALLY

Two carloads of supporters of the republican candidates for state office left Tonopah this afternoon for Beatty, where they will attend the rally to be held in that town tonight. The first car was driven by Mrs. Hugh Henry Brown, who was accompanied by A. Homer Black and wife, and Bud Morris and Madeline Miller, the latter two being musicians, while the second car was driven by Herman Albert, who was accompanied by his wife, and William Logan and Elmer Tansey, the latter two making up the quartet of musical artists.

### BOLD HOLDUP IS STAGED IN SAN FRANCISCO

Members of Shotgun Squad of Police Injure Two and Two Others Escape

SAN FRANCISCO, Oct. 7.—Members of the police shotgun squad today badly wounded two men in frustrating an attempt to hold up an automobile conveying \$20,000 to the Dairy Delivery company in the Mission district to pay employees. Two other bandits are thought to have been shot. Two policemen were riding in the pay car when the bandits attempted to crowd it to the curb. The police fired and two bandits fell. Two others leaped from the car. The policemen followed them, firing repeatedly. Both men staggered, but escaped. The two who fell said their names are Martin McGowan and Edward Stewart. Stewart was shot through the chest and may die. McGowan was shot through both arms. Another automobile was being held up when the pay car approached and the bandits transferred their attempt to it. The police said the other two men, who had been acting as lookouts, commanded a nearby automobile after the shooting and drove away at breakneck speed.

CHICAGO AND ROCK ISLAND RENEWS OLD WAGE SCALE  
CHICAGO, Oct. 7.—The Chicago, Rock Island & Pacific railway has renewed for a year its wage scale, working rules and conditions agreement with the engineers, the first road in the west to do so.

tion to the ten that left here with the party in the morning there were at least a dozen other cars.

### LOSS OF LIFE FOREST FIRES IS NEAR FIFTY

Property Loss Is Estimated at Between Seven and Eight Million Dollars

### MANY FARMS ARE DESTROYED

Premier Drury Makes This Statement After a Trip Through District

TORONTO, Oct. 7.—By a dispatch to the Toronto Globe from Cobalt it states the forest fires have taken a toll of at least 48 lives.

NORTH BAY, Oct. 7.—Property loss in a fire which swept many towns of northern Ontario will probably aggregate between \$7,000,000 and \$8,000,000, with the loss of life likely to total between 30 and 40, while between 150 and 200 farms were burned out, according to a statement by Premier Drury after a trip over the stricken areas on a relief train.

### WAGE SCALES PAID IN VARIOUS CAMPS

The Tonopah Welfare league furnishes the following information received by telegraph from mining camps throughout the west in relation to wage scales and cost of living:

Arizona—Calumet & Arizona, Miami, Copper, United Verde Extension: Machine men, \$4.75; muckers, \$4.25; board and room, \$4.50; United East ern: Machine men, \$5; muckers, \$4.50; board and room, \$37.50.

Utah—Utah Copper Co., Bingham: Machine men, \$4.75; muckers, \$4.25; board and room, \$38. Ontario S. M. Co., Park City: Machine men, \$4.75; muckers, \$4.25; board and room, \$39. Chief Consolidated, Eureka: Machine men, \$4.75; muckers, \$4.25; room and board, \$45.

Idaho—Bunker Hill & S. M. Co., Kellogg: Machine men, \$5; muckers, \$4.50; board and room, \$37.50. Montana—Butte: Machine men, \$4.75; muckers, \$4.25; board and room, \$40.

California—North Star mine, Grass Valley: Machine men, \$4.75; muckers, \$4.25; board and room, \$40. Shawmut: Machine men, \$4.50; muckers, \$4; board and room, \$32.50.

Colorado—Cripple Creek: Machine men, \$4.75; muckers, \$4.25; board and room, \$47.50. Nevada—Ely: Machine men, \$4.75; muckers, \$4.25; board and room, \$35. Virginia City: Machine men, \$5; muckers, \$4.50; board and room, \$40. Tonopah: Machine men, \$5.25; muckers, \$4.75; board and room, \$42.50.

### CLAUDINE MARTY IS CALLED TO LAST HOME

The home of Mr. and Mrs. Emery Marty was saddened last night at 8:55 o'clock when little Claudine, their charming 7-year-old daughter, answered the call of her Maker and passed into everlasting sleep. Death took place at the Mine Operators' hospital, to which institution she had been removed after an operation which followed an operation for appendicitis performed ten days ago. Following this operation the patient seemed to be on the road to recovery, but complications arose and the second operation was decided upon. Her heart proved too weak and she quietly passed into the Great Unknown.

Little Claudine was the pride of her parents. She was an exceptionally bright child and was a favorite with all who knew her, and her little playmates in the kindergarten at school are deeply grieved over her untimely demise. The parents and little brother have the sincere sympathy of every resident of Tonopah in their hour of great sorrow. The funeral will take place Sunday afternoon at 2:30 o'clock from the family residence, the Rev. Frank Manderson of the Presbyterian church officiating, and interment will take place in the local cemetery.

### HERE ARE PEOPLE WANTED ON CHARGE KILLING WILLIAMS

Below will be found the pictures of G. Dillon and wife, who are wanted upon the charge of having foully murdered Wallace Williams and a reward of \$300 is offered by the county commissioners for the arrest of Dillon and \$200 for his wife.

### COURT ORDERS NEW INQUEST ON DECEASED

For Third Time Jury Impaneled to Inquire Into Death of Alfred Tresidder

Through an order of court secured by Attorneys Hugh H. Brown and Walter Rowson, representing Tony Brackett, who is charged with being responsible for the death of Alfred Tresidder, a 14-year-old boy, who was killed by being run down by an auto on Wednesday afternoon, Judge Averill set aside the verdict of the coroner's jury of the following day and ordered another inquest. The grounds upon which the order was issued were based upon the law of 1909, which provided for a jury of not less than six nor more than twelve, while as a matter of fact this law was repealed in 1919 and a new one passed which provides for a jury of three.

The new inquest was again started this morning at 10 o'clock for the third time before Justice Cuddy before a jury composed of C. W. Hopkins, Dave Llewellyn and Ralph Hussey, and following the jury viewing the remains of the deceased an adjournment was taken until Monday afternoon at 2 o'clock, when the introduction of testimony of eye-witnesses will start.

A chain of cruel circumstances that sometimes fall to the lot of mankind has been pursuing Mr. Brackett for the last three years, and he seems to be the victim of unavoidable circumstances. First, a young son had his hand crushed in a laundry mangle, and this was followed by the death of a 3-year-old daughter a year ago. Shortly thereafter another child was almost scalded to death when it upset a tub of boiling water. After this the other members of the family suffered an attack of scarlet fever, and previous to the present unpleasantness Mr. Brackett lost nearly all his earthly possessions as a result of the two fires that visited Manhattan, several automobiles being destroyed. Lastly came the accident that resulted in the death of the Tresidder boy, who lost control of his bicycle and rode into the auto being driven by Mr. Brackett.

### EVANGELIST PLACES GUN BESIDE BIBLE

MACALESTER, Okla., Oct. 7.—Rev. L. E. Smith, evangelist, who had been conducting services at Damon, appeared in the pulpit Thursday and Friday with side arms, following threats he would not be permitted to hold meetings. Laying the loaded gun beside the Bible, Smith announced Thursday he was not wanting to be bothered, according to word received here. The following evening, having received new threats, Rev. Smith brought two guns along. After services were under way two automobiles loaded with men attired in the regalia of the Ku Klux Klan arrived and the minister has since had no trouble.

### WEST END NOW ENLARGES ITS DEVELOPMENT

Shipment of Bullion Made This Week Within Keeping of That of Past Months

### HEAVY TONNAGE IS TREATED

Conditions at Mine Reported as Being in Splendid Condition in Many Workings

West End Consolidated Mining company continues to give a good account of itself from a production standpoint, as was evidenced this week when the semi-monthly shipment of bullion was made, which consisted of 23 bars, weighing 64,000 ounces and having a value of \$75,520. This made the total production for the month of September \$139,805.

Large development is in progress at both the West End and Ohio shafts and the outlook is promising for the production being gradually increased. During the week ending Saturday morning, Feb. 7, there was produced 1750 tons, with a total of 187 feet of development being performed. The official report follows: From the West End shaft, 347 drift made fair progress in low-grade vein material. Footwall crosscut 404A made fair progress in Mizpah trachyte. Crosscut 413B made fair progress with no change to report. Raise 682 No. 1 reached the hanging wall of the ore and has been suspended.

From the Ohio shaft, crosscut 415 passed through the vein and drifts 416 and 417 have been started on ore of good grade. Intermediate drift 510 made small progress, with no change to report. Raise 504 No. 1 made a small advance in low-grade ore. Crosscut 553 made good progress, with no change to report. Drift 555 No. 3 made a small advance. Crosscut 614 made a fair advance with no change to report. Drift 805 No. 2 advanced in low-grade ore. Raise 848 advanced in low-grade vein material. Crosscut 862 made the usual advance in West End rhyolite. Raise 874 has been suspended. Crosscut 877 made good progress in Mizpah trachyte.

Regular work was performed in Tonopah 76 ground, with no change to report.

Mill tonnage for the week was about 1750 tons and development footage was 187 feet.

### NOTED AUTHOR-EDITOR DIES IN NEW YORK

NEW YORK, Oct. 7.—William Ellsworth Smythe, 61, author and editor, and nationally known as a promoter of public irrigation and reforestation projects, died here today. He founded the national irrigation congress. In 1910 he became associated with Franklin K. Lane in a plan for the extension of the forest reclamation over the entire United States. He was the democratic candidate for congress from California in 1902.

### INVESTORS WARNED AGAINST PROMOTERS

SACRAMENTO, Calif., Oct. 7.—Questionable oil promoters are capitalizing the news of the Standard Oil of California's 100 per cent stock dividend and are floating securities of little or no value, according to a statement issued by E. M. Daugherty, commissioner of corporations. "The investing public is again warned against these fraudulent companies," Daugherty said.

### NORTH STAR REPORTS

### NO CHANGE OF INTEREST

There were no new developments during the past week at the Tonopah North Star mine, although the showing is reported as being up to expectations. Operations are still being confined to the 1050 and 1100 levels and on the latter level a raise is being carried to get under a rich ore shoot that was exposed a number of years ago, and at which time quite a production was made.

### GIANTS AGAIN DEFEAT YANKS SCORE 4 TO 3

Contest Was Staged in Drizzling Rain and Old Man Gloom Much in Evidence

NEW YORK, Oct. 7.—The Giants won their third victory, 4 to 3, playing in the rain, and fell on Saumane Hurler-Carl Mays in the fifth, hammering him for five hits and scored four runs. The Yanks started like winners, hitting McQuilian hard, but the Giant pitcher recovered and in the next five innings yielded not a hit. Score: Giants 4 9 1 Yanks 3 5 0.

Batteries: McQuilian and Snyder; Mays, Jones and Schanz.

A mark and nail lay copped in the dark hollows of the polo grounds when the Yankees met the Giants in the fourth game of the world series, while old man Gloom sat in the clubhouse of the Yankees, who were reeling under two blows from the aggressive National League champions. The American Leagueers were some folks and gave a funerals; welcome to the Giants, who planned to make it four straight over a hapless Gloom and captured the crown of baseball. "We have the Yankees on the run," said Horace Grob, midget bird sacker of the Giants and exponent of the "bottle bat." The drizzle turned to rain before 1 o'clock.

### HEAVY OUTPUT FROM MINES OF THIS DISTRICT

Mills Operating Steadily and September Production Was Well Up to Standard

Production for September		
	First Half	Second Half
Belmont	\$14,300	\$9,000
West End	64,285	75,520
Tonopah Extension	55,000	75,000
Tonopah Mining	50,000	46,000
White Caps	13,000	15,000
Total	\$287,555	\$304,520
Grand total	\$592,105.	

This tells the story of the mineral production of Nye county for the month of September and goes to show that Tonopah, with its outside camps, is setting a record of which its people may justly feel proud. It maintained for a year, and it unquestionably will be, the output for the year would amount to \$6,705,260. In other words it is safe to predict that when the grand totals are computed for 1922 it will be found that Tonopah has been credited with an output of the precious metals in excess of \$7,000,000 by reason of the fact that heavy shipments have been going out to the various smelters.

With the new tariff law operative better times are promised for the miner. The duty upon non-metallic minerals will stimulate miners and prospectors to become more active, and as a result of the duty on quicksilver and tungsten the search for those minerals will become more active. All of this will naturally redound to the benefit of gold and silver producers, as well as those of copper, lead and zinc. All classes of mining will be benefited, and to say we witness great prosperity returning to the copper camps, with every indication that the price of "hot metal" will continue to advance dollar silver will remain in effect for at least another year, and economists predict that following the repeal of the Pittman act the price will proceed to soar until it reaches the quota of sixteen to one, or \$129 an ounce.

### ENGLAND READY TO RETIRE FROM LEAGUE NATIONS

Says She Cannot Act as Policeman of World, but Will Protect Interests

### INSISTS FRANCE CO-OPERATE

Premier Lloyd George and Secretary Curzon Believed to Support Bonar Law

LONDON, Oct. 7.—A sensation has been caused by a letter from Andrew Bonar Law upholding the British governments attitude in the near eastern crisis, which was given conspicuous publicity in all London newspapers. The proposition is said to be equivalent to a direct threat to withdraw British troops from the Rhine. This will completely eliminate the entire united front policy since the British policy in the near east.

The letter says: "We are at the crossroads and cannot act as policemen of the world. Our duty will be to say plainly to France if he is not prepared to support us, we shall be unable to bear the burden alone, but we shall have no alternative except to initiate the government of the United States and re-assert our arguments to safeguarding the near immediate interests of the empire."

It is surmised Premier Lloyd George and Colonial Secretary Churchill had something more than a previous knowledge of the launching of this letter at the moment of Foreign Secretary Curzon's mission to Paris.

PARIS, Oct. 7.—Great Britain and France, as represented by Foreign Secretary Curzon and Premier Poincare, have agreed a principle that the troops of the nationalists shall be allowed to occupy eastern Thrace only after the conclusion of the peace treaty.

MEDAN, Oct. 7.—Sessions of the conference were resumed this morning, but owing to the lateness of the arrival of British instructions from home, no formal session was held last evening, but the allied generals conferred late into the night.

### NEW TONSORIAL ARTIST

Harry Bergman, the popular tonsorial artist, is all smiles this afternoon, so if you feel moved just a little today lay it to the fact that he is the father of a 7½-pound youth who arrived at 1:15 this afternoon. The youngster is husky, so thinks his dad, who concedes that he is no longer boss of the household. The physician reports mother and infant as getting along fine.

## Butler Theater Today

WILLIAM RUSSELL

In "A SELF-MADE MAN"

He was a disinherited son of wealth, but he made good with a vengeance. The picture is full of action, thrill and romance. Also a two-act Clyde Lock comedy.

### "THE GUIDE"

Tomorrow: GLADYS WALTON In "THE WISE KID" and "ROBINSON CRUSOE" The Story The Whole World Knows.

Monday: DOUGLAS FAIRBANKS In "THE NUT"
